

USE R&G PILLS

the key to good health

A Slow Acting Liver Causes Pimples, Blisters, Sallow Skin, Circles Around the Eyes, Tired and Listless.

You need R. & G. Pills: they contain podophyllum—the best known vegetable liver stimulant and substitute for calomel.

R. & G. Pills stimulate the liver to secrete bile, to carry on the work Nature intended it to do.

R. & G. Pills do not gripe or sicken you. 10c and 25c the box.—Advt.

SUGAR GOES TO 11 CENTS; NEW "RATIONING" ORDER

Stocks on Hand at Old Price—Half Pound a Week For Each Person Is Limit.

Higher prices for sugar have been authorized by the Federal Food Board, so that after the exhaustion of stocks in hand city housewives must pay 11 cents a pound, 21 cents for two pounds, 31 cents for three pounds, 42 cents for four pounds and 53 cents for five pounds. Prices enough higher to cover transportation costs may be charged outside the city. Refiners increase their price 1 1/2 cents.

The advance followed an investigation by Oscar S. Straus, who reported that the rise was justified by decreased supplies and increased cost of labor, material, fuel and containers.

Neither wholesalers nor retailers will be permitted to average the cost

of old sugar with new sugar, nor to advance prices while they have any old stocks on hand.

A consumer may now buy one week's supply for his or her family at the rate of a half pound a week to each person.

Ship Broker Dies Suddenly.

Arthur C. Elliot, senior member of A. C. Elliot & Co., ship brokers of No. 16 Beaver Street, Manhattan, died suddenly from a heart affection yesterday in his home, No. 173 Lincoln Street, Montclair. He is survived by his wife and one daughter, Mrs. F. N. Lawes of Montclair.

The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers are a result of doing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics.

Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher. Genuine Castoria always bears the signature of *Chas. H. Fletcher*
